Please list any previous conditions we should know about _____

Kingsgate Animal Hospital periodically posts pictures of our adorable patients on social media and our website, etc. May we have permission to post pictures of your pets? YES NO

Financial Policy: Kingsgate Animal Hospital requires payment in full for professional services rendered: the time of discharge from the hospital. As a legal owner or responsible agent of the above pet(s) I certify that I have read and agree to the above financial policy. I hereby assume financial responsibility for all services rendered.

Appointment Policy: To allow ample time for all patients and scheduled surgical procedures, we operate primarily by appointment. Emergency cases shall always receive top priority, which is why occasional appointment delay is inevitable. Please realize that we make a sincere attempt to see each client on time.

Patient Arrival Policy: For your protection, and that of others, all dogs must be on a leash and properly controlled while in the waiting area or exam rooms. All cats must be presented in an appropriate cat carrier or on a leash. Boarding Pets may only be released during our regular business hours. For the safety of all animals in our care, we require that all vaccinations be up to date. Even though we make every effort to make our patients feel comfortable during visits, they may be a little uneasy about new people, new surroundings and other pets. This is one of the reasons we ask you to restrain your pet. We recommend that animals be placed on a leash or in pet carriers before entering the waiting room. For your convenience, drop-off appointments are available. A 'drop off' means you could bring your pet at the time that works best for you and leave him/her with us for a couple of hours. Usually we will ask you to drop off sometime in the morning so our doctors can examine the patient in between appointments or at the time purposely reserved for admitted patients.
